

# Myanmar

## Demographic Dependency Ratio

The ratio is calculated in two steps:

1. Sum the population under 15yrs of age and the population over 59yrs of age
2. Divide this total by the population over 14yrs and under 60yrs of age

Map Creation date: 12 Oct., 2012  
 Thematic Data: TBC, CIDKP, KORD, KSWDC, MRDC, SRDC  
 Boundary Data: MIMU  
 Projection/Datum: UTM Zone 47N/WGS84
