Notes:

1. The Verified caseload includes all persons verified as living in the camps and eligible for rations, registered or not (including students). It excludes all previously verified residents now permanently out of camp.
2. Rations are provided only to those personally attending distributions. The Feeding Figure is the actual number of beneficiaries recorded as having collected food rations at distribution the previous month. For example, the December Feeding Figure is the number of beneficiaries confirmed as collecting food rations during the November distribution.
3. MOI/UNHCR figures are registered refugees. Most new arrivals since 2005 are not registered. UNHCR records an additional 248 people who have been submitted to the Provincial Admission Boards (PABs).
4. Includes Kayan.
5. Population figures for IDP camps are derived from camp committees on a monthly or quarterly basis depending on accessibility.
6. From TBC Population Database of verified caseload; IDP camps excluded.
