

TBC Commemorates World Refugee Day 2019

On World Refugee Day, The Border Consortium (TBC) acknowledges our commitment to partner with refugees. For over 35 years, TBC has worked alongside more than 250,000 refugees on the Thailand-Burma/Myanmar border providing humanitarian assistance and advocating for the rights of displaced people. Refugee communities have opportunities to develop their skills and capacities that will aid them in rebuilding their future lives. Cooperation with key stakeholders to ensure that refugees are prepared for a life beyond camps remains the primary driving force for TBC's work and future steps ahead. On World Refugee Day 2019, TBC would like to encourage people from all walks of life to join together and step up with refugees to ensure that they receive the necessary support.

TBC is accepting donations for essential humanitarian assistance to refugees along the Thailand-Burma/Myanmar border. Please click [here](#) to contribute towards rebuilding the lives of people affected by conflict.
